2. This solicitation is issued under FAR Part 12 Acquisition of commercial Items. It will result in a competitive award of a 5 year, long-term, firm-fixed price Indefinite Delivery, Indefinite Quantity (IDIQ) contract (See Far Part 16.503).

3. The dates of the Ordering Periods (OP) covered by this solicitation are as follows:

OP#1: DATE OF AWARD - 30 Nov 2005

OP#2: 1 Dec 2005 - 30 Nov 2006

OP#3: 1 Dec 2006 - 30 Nov 2007

OP#4: 1 Dec 2007 - 30 Nov 2008

OP#5: 1 Dec 2008 - 30 Nov 2009

4. The clause at FAR 52.212-1, Instructions to Offerors - Commercial Items, as tailored herein, identifies information which must be included with your proposal.

5. Please refer to FAR 52.212-2, Evaluation - Commercial Items, as tailored herein, for evaluation criteria.

6. The minimum and maximum ordering ranges, projected in the pricing sheet (Attachment 002), are provided for the sole purpose of establishing reasonable ranges of quantities against which to provide pricing, and to establish ordering limitations. The stated minimum quantities are not guaranteed buy quantities. An award under this solicitation in no way obligates the government to order any quantities. Furthermore, each and any possible successive order stands alone insofar as it obligates the Government.

7. The maximum quantity over 5 years is 750 ea.

8. All delivery orders will be issued unilaterally with firm delivery dates. Deliveries shall commence no later than 45 days after receipt of order at a rate of 40 per month, unless a lesser quantity is specified in the delivery order. If the order quantity is less than 40, the entire quantity shall be delivered within 45 days.

9. Product consistency is required throughout the life of the contract. The offeror's Technical Proposal for the Single Phase Power Inverter will be incorporated into the award document. Any proposed changes to the proposal must be approved in advance by the Government. It is anticipated that voluntary/unnecessary changes will be disapproved. You are encouraged to establish long-term agreements with your suppliers and subcontractors to insure continued availability of all components. In addition, if changes are approved, the necessary operating/maintenance updated instructions will be required.

10. Please note: Army Drawing 11B257010 is attached for reference. The measurements provided on drawing for the size of the inverter are the maximum allowed.

EVALUATION FACTORS FOR AWARD

23 52.212-2 EVALUATION - COMMERCIAL ITEMS JAN/1999

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered.

(1) The technical area shall be evaluated for the purpose of determining the item being offered is in compliance with the reference drawing. Only offers rated technically acceptable shall be eligible for award. Merely stating that the offeror will meet the requirements is insufficient. The offeror must explain how each requirement will be met. Offerors are urged to ensure that their proposals are submitted on the most favorable terms in order to reflect their best possible potential, since less than the optimal initial proposal could result in the exclusion of the offeror from further consideration. Proposals that fail to meet the established criteria in the technical area (No-Go) will not be considered for award.

(2) Technical: The submission will be evaluated to determine whether the offered components meet all of the requirements established in Army Drawing 11B257010.

----------------------------------	--	-----------------------------

Name of Offeror or Contractor:

(a) Go: The offeror's proposal must demonstrate that the item being offered is in compliance with Army Drawing 11B257010.

(b) No-Go: The offeror has failed to provide sufficient evidence that its offered components will meet all of the requirements established in Army Drawing 11B257010.

(3) Price:

(a) The Government will develop an evaluation price for each Offeror. This will be done by multiplying each range price times the percentage assigned, times the maximum quantity of each range. All ranges and years will be added together to arrive at a total evaluated price.

(b) Evaluation of the price will include determining reasonableness and realism. Reasonableness is interpreted to mean that the price does not exceed what would be incurred by an ordinarily prudent person in the conduct of competitive business. Realism asks, "does the proposal price accurately reflect the offeror's prooped effort to meet the program requirements and objectives?" An unreasonable or unaffordable price may preclude an offferor from award. The Government retains the right to obtain additional cost/price data, from any offeror in the event of a lack of competitive bids and/or lack of available data to determine the offer fair and reasonable.

(c) Offerors are requested to provide unit prices for all years and ranges. If an offeror fails to do so, the Government may reject that offer as unacceptable.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
